

**MILWAUKEE
PUBLIC SCHOOLS**

FACT SHEET

**Milwaukee Public Schools and Zurn Elkay Water Solutions
Announce Multi-Year Partnership and \$2.2 Million Donation
as Kids Return to School**

WHAT: As students head back to school and in support of Milwaukee Public Schools’ and the City of Milwaukee’s ongoing commitment to providing safer, cleaner drinking water to students, staff and community members, Zurn Elkay Water Solutions is announcing a multi-year donation of Elkay filters and filtration accessories valued at over \$2.2 million to MPS. The donation includes:

- **Elkay WaterSentry Replacement Filters**
- **Elkay Universal Filtration Kits**
- **Elkay WaterSentry Filter Mounting Covers**

This summer, MPS installed 583 of 709 new Elkay filtered bottle filling stations and converted 2,498 existing filtered drinking fountains and bottle filling stations to the Elkay filtration system, using donated water filter connectors and filters.

Elkay drinking fountains and bottle filling stations are manufactured in Illinois, and its filters are tested and certified to NSF/ANSI 42 and 53 to reduce lead and other harmful contaminants. Since 2012, use of Elkay bottle filling stations has avoided the use of more than 76 billion single-use plastic bottles.
